No. HSCW/Admin./2025/3562  
Dated: 10.09.2025

**Subject: Urgent Request for Assistance to Indian Citizens trapped in violence in Nepal.**

The Haryana State Commission for Women seeks to bring to your urgent attention the alarming situation concerning several Indian citizens, particularly women, who are currently trapped amidst the violent unrest unfolding in various parts of Nepal.

The Commission has come across a widely circulated **YouTube video**, in which an Indian woman is seen making a desperate appeal for immediate help. As per the video, she and others had travelled to Nepal and are now stranded due to the escalating violence in the region. The deteriorating security conditions have reportedly restricted movement and access to basic necessities, placing these individuals—especially women—in an extremely vulnerable position.

In light of the above, it is earnestly requested that appropriate directions may kindly be issued to the concerned authorities to coordinate with Ministry of External Affairs (MEA) and the Indian Embassy in Kathmandu to gather verified information and locate Indian citizens currently trapped in Nepal and arrangements for their safe evacuation and return to India may kindly be made accordingly.
